

How to Download Photos from Flickr (without having a Yahoo account)

1. Click on the photo link in the Photos page to go to Flickr.
2. In the Flickr photo album, click on the photo.
3. In the window (in slide show view), click on the image of an arrow pointing down to a line, located in the lower right corner. The list of available image sizes will pop up.
4. Find "Original" in the popup list, but DO NOT just click on it!
5. Press CONTROL and click on the "Original" size to download the image to your computer.
